Citation guidelines

As this is a serial book published annually, it has both ISSN and ISBN. ISSN links to the whole series of proceedings based on CBU International Conferences, while ISBN links to this specific issue in 2020. Each article also has its own unique permanent DOI link (number) located on the first article page. A digital object identifier (DOI) is a unique alphanumeric string to identify content and provide a persistent link to its location on the internet. All DOI numbers begin with a 10 and contain a prefix and a suffix separated by a slash. The prefix is the number of four or more digits assigned to organizations; the publisher assigns the suffix. DOI should be cited in the form of a full HTTPS link that includes <http://dx.doi.org/>. All articles were peer-reviewed.

Please use the following format to cite online articles (APA citation format):

Author, A. (2020). TITLE OF PAPER. *Proceedings of CBU in Medicine and Pharmacy, 1*, pp-pp.
<https://doi.org/10.12955/xxxx> (update the XXXX DOI number to match the article)

ISBN 978-80-907722-7-4 (Online)

ISBN 978-80-907722-8-1 (Print).

Publication of records for individual papers is online at ojs.cbuic.cz. This website is used to distribute the articles into various databases. For citing online articles, please use E-ISSN (Online ISSN) or preferably DOI. Previous volumes of this conference proceedings are archived at www.journals.cz (Volumes 2013 – 2019 were published with online ISSN 1805-9961). In 2020 the conference proceedings are published separately for each section while the new ISSNs are registered with the ISSN agency as direct followers of the old ISSN.

Introduction

We had the great honor of organizing the CBU International Conference on Innovations in Science and Education 2020 in Prague, Czech Republic. The event was affected by the coronavirus pandemic as every other aspect of life in 2020 worldwide. Since 2013 the conference became an important international event in a cross-industry discussion about innovations in Education and Science.

CBUIC 2020 was organized by the CBU Research Institute, Unicorn University (which renamed itself from Unicorn College in 2020), and ISE Research Institute, all three located in Prague, Czech Republic. The CBU Research Institute published the proceedings.

Three cooperating organizations supported the three-day conference. The participation was lower due to the coronavirus pandemic as follows: 23 papers in the Economics and Business section, 49 papers in the Social Sciences section, 20 papers in the Medicine and Pharmacy section (this proceedings book), and 14 papers in the Natural Sciences and ICT section.

As every year, the purpose of CBUIC 2020 was to provide a forum for the participants to report and review innovative ideas with up-to-date progress and developments, discuss novel approaches to the application in their research areas and discuss challenges of doing science and education.

We sincerely hope that exchanging ideas on doing research, science, and improving education will help the participants, and international cooperation sharing the common interest will be enhanced.

On behalf of the Organization Committee of CBUIC 2020, we would like to heartily thank our cooperating organizations for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of CBUIC 2020, for their interest and efforts in helping us to make the conference possible; and the Editorial boards for their effective work and valuable advice, especially the CBUIC 2020 secretariat and the CBU RI staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.
