As this is a serial book published annually, it has ISSN and ISBN. Each article also has its unique permanent DOI link (number) on the first page. A digital object identifier (DOI) is a unique alphanumeric string that identifies content and provides a persistent link to its online location. All DOI numbers begin with a 10, containing a prefix and suffix separated by a slash. The prefix is the number of four or more digits assigned to organizations; the publisher assigns the suffix. DOI should be cited as a full HTTPS link that includes http://dx.doi.org/. All articles were peer-reviewed.

Introduction

We had the great honor of organizing the CBU International Conference on Innovations in Science and Education 2024 online in Prague and Termiz, Czech Republic. Since 2013, the conference has become an important international event for a cross-industry discussion about innovations in Education and Science.

CBUIC 2024 was organized after a break in 2023 by the CBU Research Institute, ISE Research Institute, both from Prague, Czech Republic, and the Termiz University of Economics and Service from Termiz, Uzbekistan. The CBU Research Institute published the proceedings.

Three cooperating organizations supported this conference. The participation was lower due to the online-only format.

Every year, the purpose of CBUIC 2024 was to provide a forum for the participants to report and review innovative ideas with up-to-date progress and developments, discuss novel approaches to application in their research areas, and discuss the challenges of doing science and education.

We sincerely hope that exchanging ideas on research, science, and education will help the participants and enhance international cooperation in common interests.

On behalf of the Organization Committee of CBUIC 2024, we thank our cooperating organizations for all they have done for the conference. We would also like to thank the authors for their contribution to the proceedings; the participants and friends of CBUIC 2024 for their interest and efforts in helping us to make the conference possible; and the Editorial boards for their effective work and valuable advice, especially the CBUIC 2024 secretariat and the CBU RI staff, for their tireless efforts and outstanding services in preparing the conference and publishing the Proceedings.
